**ASIA PACIFIC COLLEGE****Leadership Luncheon  
Lecture Series**

This is a new seminar series designed to fit into the busy schedules of local leaders in the public and private sectors.

The 21st century will present new challenges to leaders the world over. Our mission at APC is to give business and government leaders of the Asia-Pacific community the knowledge and inspiration they need to cope with the effects of burgeoning populations, increasing development, and increasingly volatile international interactions.

We invite you to come and gain insight into the changes sweeping this important region, and to broaden your perspective on global economics, politics, business, and environmental issues. For the latest luncheon lecture series schedule, please visit [www.apchawaii.org](http://www.apchawaii.org) or call (808) 942-0698.

APC is a non-profit, educational institution, established in 2005. Other programs include a two-year intensive course ending in a Masters in Intercultural Leadership (MIL), as well as short-term workshops and certificate programs designed for students to broaden their cross-cultural perspective on leadership styles and issues in the Asia-Pacific region.
